Principal's Message

Meadowlark School is rich in talented and dedicated teachers, administrators, support staff, involved parents and supportive community members who work with energy and focus to provide an engaging, standards-based curriculum to all of the school's students.

The climate for learning is demanding but also supportive and encouraging. Our students are scholars who are eager to learn, view multiple perspectives, prepared to participate, curious, exercise intellect, save ideas, set goals, ponder big ideas and use multiple resources. Many practices and programs are in place to ensure students master basic skills such as phonics, vocabulary, writing skills and math computation. In addition, students learn to apply higher-level thinking and problem solving in science, social studies, literature, oral language, physical education and fine arts. Special programs such as Jolly Phonics, Reading A-Z, Raz-Kids, Accelerated Reader, DreamBox, Typing Agent, weekly music, art, and theater classes, Outdoor Science School, after-school enrichment classes, and Big Buddy activities provide interest and challenge for every student. In the 2016-17 school year, our district adopted McGraw-Hill My Math as our math curriculum, and for the 2017-18 school year, we have been excited to implement Benchmark Advance as our new English language arts program. Goals this year will be exploration of the Next Generation Science Standards (NGSS) for our teachers to start embedding this teaching into our classrooms.

Teachers at each grade level meet on a regular basis to plan together and share instructional strategies to ensure all students receive the same high-quality instruction. The leadership team, made up of teachers and the Meadowlark School Site Council (made up of elected parents, staff and the principal) evaluate the school's progress each year. Data used in the school's self-evaluation include the following:

- Standardized Testing and Reporting Program (California Assessment of Student Performance and Progress [CAASPP]; current and prior years' scores)
- Classroom observations
- Student benchmark test data in reading, writing and mathematics
- Parent surveys about curriculum, instruction and school climate

The School Site Council (SSC) and Leadership Team identify schoolwide strengths and areas for focused improvement. Then specific improvement goals for the coming school year are targeted and worked on. The goals for the year are found in the Meadowlark School Single School Plan. These plans are available on the district and school websites and may be checked out from the school office by interested parents and community members.

School Mission Statement

Meadowlark School seeks to create a challenging learning environment that encourages high expectations for success through development-appropriate instruction that allows for individual differences and learning styles. The staff is attuned to the students' varied learning needs and to the requirements of a thoughtful and well-articulated curriculum. Ours is a collaborative model (Professional Learning Community [PLC]) in which working together as a team, all teachers tailor, plan and carry out effective content-rich ways to provide all students with learning experiences and challenges from the district curriculum at a level that matches their needs, readiness and potential. Our school promotes a safe, orderly, caring and supportive environment. Each student's self-esteem is fostered by positive relationships with his or her fellow students and staff. We strive to:

- Have our parents, teachers and community members actively involved on our students' learning
- Be a community of learners in which all members use their minds well and care about one another
- Nurture growth, responsibility and productivity by celebrating our diversity within a schoolwide positive atmosphere and by promoting sportsmanship, school spirit, and pride in ourselves through our daily studies as scholars and our educational accomplishments

School Vision Statement

We, as a community, have a vision where every Meadowlark scholar is recognized for all of his or her uniqueness, supported to achieve personal success, and fortified to become a responsible and productive citizen of the global community.

School Safety

The Acton-Agua Dulce Unified School District (AADUSD) Safety Plan was updated in the fall of 2018. The Meadowlark School Safety Plan is updated with revised employee assignments and safety maps each fall. Faculty and staff review the safety plan procedures each fall. During the school year, several emergency drills are held to ensure students and staff members understand and can quickly follow all emergency procedures. Fire drills, disaster drills and lockdown drills are practiced and evaluated each school year. A process for accounting for all students and employees is practiced during each drill. The school safety plan was last reviewed, updated and discussed with the school faculty in October 2018.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Vision Statement

The Acton-Agua Dulce Unified School District is committed to pursuing and maintaining educational excellence in order to achieve academic distinction at all campuses. We are committed to a vision of developing our youth into productive and creative individuals who can achieve their highest degree of potential and who will responsibly shape the future.

Enrollment by Grade

The bar graph displays the total number of students enrolled in each grade for the 2017-18 school year.

2017-18 Enrollment by Grade

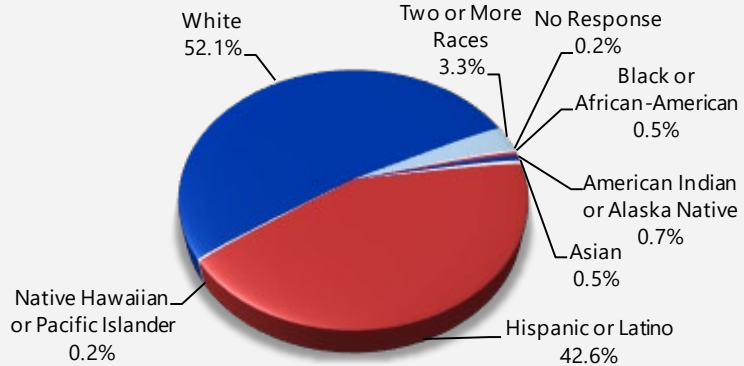

Enrollment by Student Group

The total enrollment at the school was 430 students for the 2017-18 school year. The pie chart displays the percentage of students enrolled in each group.

Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

CAASPP Test Results for All Students: Science (grades 5, 8 and 10)

The 2016–17 and 2017–18 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The California Science Test (CAST) was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

California Assessment of Student Performance and Progress (CAASPP)

For the 2017-18 school year, the CAASPP consists of several key components, including:

California Alternate Assessments (CAA) test includes both ELA/literacy and mathematics in grades 3-8 and 11. The CAA is given to those students with the most significant cognitive disabilities whose current individualized education program (IEP) designates an alternate assessment.

Smarter Balanced Assessments include ELA/literacy and mathematics in grades 3-8 and 11. Smarter Balanced Assessments are designed to measure student progress toward college and career readiness.

The assessments under CAASPP show how well students are doing in relation to the state-adopted content standards. On each of these assessments, student aggregate scores are reported as achievement standards. For more information on the CAASPP assessments, please visit www.cde.ca.gov/ta/tg/ca.

CAASPP by Student Group: English Language Arts/Literacy and Mathematics

The table on the following page displays the percentage of students that met or exceeded state standards in English language arts/literacy and mathematics for the school by student groups for grades 3-5.

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Textbooks and Instructional Materials

High-quality textbooks and Common Core State Standards (CCSS) bridge materials are available for every student in each subject area to use in class and to take home. New language arts curriculum went into place in the 2017-18 school year. Benchmark Advance was the selected program and is in place in classrooms. Our next focus will be to look at materials for science when they are made available by the state.

New math textbooks were adopted in the summer of 2016 and implemented in the fall of 2016. An eight month-long process through a textbook committee and board adoption took place. New social studies textbooks were adopted during spring 2006 and implemented in the fall of 2006. New science textbooks were adopted in the fall of 2007.

When a new textbook series is selected, a committee made up of teachers, parents and the principal carefully review state-adopted textbook programs over an eight-month period. The committee then recommends to the board of trustees the series they identify as the highest quality and most appropriate for the district's students.

All students participate in weekly music instruction taught by a music specialist. The music program teaches vocal music as well as music theory, music appreciation and music history. Students have opportunities to perform in several productions each school year. These include chorus, two evening music performances and the annual talent show. Silver Burdett Making Music is the adopted music instructional materials program. All students have access to these materials during music class. Acton Schools Music Organization supports the music program and provides funding for the music instructor.

Quality of Textbooks

The following table outlines the criteria required for choosing textbooks and instructional materials.

Quality of Textbooks		2018-19 School Year
Criteria	Yes/No	
Are the textbooks adopted from the most recent state-approved or local governing-board-approved list?	Yes	
Are the textbooks consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education?	Yes	
Do all students, including English learners, have access to their own textbooks and instructional materials to use in class and to take home?	Yes	

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

School Facilities

The Meadowlark School was built and opened in 1998. The school houses 14 classes of K-4 students, one K-4 special day class and a classroom for our intervention teacher. A special day class preschool and Transitional Kindergarten (TK) class is currently housed at Acton School. A multipurpose cafeteria/auditorium provides space for eating, assemblies and special events.

Meadowlark School is a newer facility and has numerous safety features including safety glass, sprinkler systems, fire doors, a central communication system and battery backup for phones during power outages. Students are kept safe several ways while on school property. First, all doors are kept locked except the front entrance, which is constantly monitored by staff and a security camera. Next, both custodial, maintenance and staff are in constant alert to strangers or unusual situations. Most staff participated in Alert, Lockdown, Inform, Counter, and Evacuate (ALICE) training and are CPR/First Aide certified.

Currently, one custodian works from noon to night. There is also one maintenance staff person who works from morning to afternoon. All bathrooms and eating areas are cleaned on a daily basis. Classrooms are vacuumed weekly.

Students are taught to take pride in their school by picking up their own trash and keeping their own classroom space clean and organized. When graffiti appears, staff and volunteers immediately remove it. Both custodial and maintenance staff ensure the campus is clean and all systems are working to create a safe and operational environment for work and learning.

We have a library with computers that students and parents use as needed. Our library is staffed with a part-time librarian.

Two playgrounds—one for kindergarten students and one for grades 1-4 students—have play equipment appropriate for the age levels served. These include tetherball, four square, handball and basketball courts, as well as swings, climbing equipment, monkey bars, a sandbox and playing fields. Equipment is inspected regularly and well maintained.

School Facility Good Repair Status

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor. **At the time of this school facility inspection, no deficiencies were found.**

School Facility Good Repair Status		2018-19 School Year
Items Inspected	Repair Status	
Systems: Gas leaks, sewer, mechanical systems (heating, ventilation and HVAC)		
Interior: Interior surfaces (floors, ceilings, walls and window casings)

Date of the most recent completion of the inspection form	10/24/2018	

Parental Involvement

Strong parent and community involvement is one of the greatest strengths of Meadowlark School. Parents are encouraged to participate in a variety of ways:

- Volunteers assist daily within classrooms
- Parent-Teacher Organization (PTO) supports the school program by raising extensive funds for materials, equipment and fine arts programs
- Acton Schools Music Organization (ASMO) raises funds to support music instruction and performances
- Parent workshops provide information about the academic program
- School Site Council meets to work toward specific school improvements
- The Acton Women's Club and local businesses provide funds for special materials and activities
- English Language Advisory Committee (ELAC)

All interested parents are highly encouraged to attend and participate in these activities. All parents are welcomed to also volunteer in their child's classroom.

For more information on how to become involved with the school, contact Zoe Southworth, PTO president, at (661) 269-8140.

"The climate for learning is demanding but also supportive and encouraging."

Teacher Qualifications

This table shows information about teacher credentials and teacher qualifications. Teachers without a full credential include teachers with district and university internships, pre-internships, emergency or other permits, and waivers. Professional Development

Each year, the district provides "buyback days" for districtwide staff-development activities. In recent years, professional development has been provided in the following areas.

- Special-education requirements and instructional strategies
- Strategies for meeting the needs of English learners
- Strengthening students' written language skills
- Safe schools/first-aid and CPR training
- Effective communication with parents, colleagues and students
- Using data analysis to strengthen instruction

School Improvement funds and Title II, Part A federal funds are used to bring in staff-development consultants and to send teachers out to conferences to improve areas of identified need. Teachers and administrators help select and evaluate professional development activities based on school and district improvement needs. Faculty meeting time and grade-level/department meetings are also used throughout the school year for collegial data analysis, improvement activities, instructional planning and sharing instructional strategies.

Types of Services Funded

The district provides a number of supplemental programs and services to meet the diverse needs of all students:

- Special-education services including speech and language, a resource program, special day class, adaptive physical education, and other services for identified students with special needs
- English language development for English learners
- Title I reading and writing intensive instruction for identified students in grades 1-5
- Safe and Drug-Free Schools and Communities: State Grants

School Financial Data

The following table displays the school's average teacher salary and a breakdown of the school's expenditures per pupil from unrestricted and restricted sources.

School Financial Data	
2016-17 Fiscal Year	
Total expenditures per pupil	\$16,398
Expenditures per pupil from restricted sources	\$5,178
Expenditures per pupil from unrestricted sources	\$11,219
Annual average teacher salary	\$80,806

Expenditures Per Pupil

Supplemental/restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

Financial Data

The financial data displayed in this SARC is from the 2016-17 fiscal year. The most current fiscal information available provided by the state is always two years behind the current school year and one year behind most other data included in this report. For detailed information on school expenditures for all districts in California, see the California Department of Education (CDE) Current Expense of Education & Per-pupil Spending web page at www.cde.ca.gov/ds/fd/ec. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits web page at www.cde.ca.gov/ds/fd/cs. To look up expenditures and salaries for a specific school district, see the Ed-Data website at www.ed-data.org.

District Financial Data

This table displays district teacher and administrative salary information and compares the figures to the state averages for districts of the same type and size based on the salary schedule. Note: The district salary data does not include benefits.

◇ Information is not available.

Data for this year's SARC was provided by the California Department of Education and school and district offices. For additional information on California schools and districts and comparisons of the school to the district, the county and the state, please visit DataQuest at <http://dq.cde.ca.gov/dataquest>. DataQuest is an online resource that provides reports for accountability, test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners. Per Education Code Section 35256, each school district shall make hard copies of its annually updated report card available, upon request, on or before February 1. All data accurate as of December 2018.
