Notes:
There will be time limits for the timing of most races. This allows us to get the clock set up to start the next race. Runners who are still on the course when we stop the clock will not receive an official time. Also, runners who are late finishing a race can obstruct the next race so please enter only runners who are able to finish the course in a timely manner.

We will NOT add runners to the computer timing system the day of the meet. Please submit names, bib numbers, grades level and gender for every person who could possibly be at the race. IT IS OKAY to have extra runners in the system! All entries must be submitted to Dale Lister at d.lister@westside.k12.ca.us by 5 pm the day prior to the meet. At practice meets, if you have a few runners who are not entered into the system, they can still run in the race, but they will show up as "unknown" runners and they will not count in the scoring. Please submit the identity of the unknown runners immediately after the race.
