

Positive Behavior Intervention and Supports Community Training October 9, 2019 @ 5:30 P.M.

Dear Parents/Guardians, Family, and Community Members:

I would like to encourage you to attend a community training about Positive Behavior Intervention and Supports (PBIS) at the district office board room. The emphasis of this training will be placed on informing the community about PBIS and conveying the progress made towards implementation at each school within Acton Agua Dulce Unified School District (AADUSD).

An important highlight of this meeting is the acronyms created, with your child's input, at each school. During our parent/guardian, family, and community meetings, AADUSD staff learned there is a desire within our community to learn more about PBIS and what is being done at the school site level to promote social, emotional and behavior support.

Our students deserve a safe place to learn and a positive approach to encouraging appropriate behavior. PBIS is designed to improve social, emotional and academic outcomes for all students, including students with disabilities and students from underrepresented groups.

As indicated in our Strategic Plan, AADUSD strives to be the Gold Standard, as a result of our Local Control Accountability Plan and based on the community input, this training is being presented at no cost to our parents/guardian, family and community members.

I hope you will be able to attend this community training and note we are happy to make arrangements for participants with special needs and or accommodations. Please do not hesitate to contact the number below should you have any questions. Refreshments will be served.

Sincerely,
Dr. R. Cooper
Director Personnel/Pupil Services/Education
