

Addendum – QA

Questions

1. The dedicated Internet connection is for 32248 CROWN VALLEY RD
2. The second part of the RFP requires a bid for Leased Lit fiber for all sites District Office as the Hub vs. a separate dedicated Internet connection per site?
3. Do you have a network diagram that can be shared or a description of the preferred design (Hub & Spoke vs. Point to Point or Any to Any)?

Answers

1. Correct, that is correct the IA connection is for 32248 Crown Valley Rd.
2. Correct. No separate internet connection at each site.
3. We do not have one. We are open to your recommendation for completing the RFP requirements. Hub and spoke or Any to any.
