

FULL TEXT OF BALLOT MEASURE CK

INTRODUCTION

“To relieve student overcrowding and improve the education environment; renovate and/or modernize Acton, Agua-Dulce, Meadowlark and High Desert; finish Vasquez construction projects; provide 21st century learning technology; and to strengthen campus security, shall the Acton-Agua Dulce Unified School District issue \$7,500,000 of bonds at legal rates, repayment averaging \$523,000 annually while bonds are outstanding, at a rate of approximately \$14.70 per \$100,000 of assessed value, with annual audits plus independent citizens’ oversight committee and NO money for administrator salaries?”

BOND AUTHORIZATION

By approval of this measure by at least 55% of the registered voters voting on the measure, the District will be authorized to issue and sell bonds of up to \$7.5 million in aggregate principal amount at interest rates not to exceed legal limits and to provide financing for the specific types of school facilities projects listed in the Bond Project List included below, subject to all the accountability requirements specified below.

ACCOUNTABILITY REQUIREMENTS

The provisions in this section are specifically included in this measure in order that the voters and taxpayers in the District may be assured that their money will be spent wisely. Expenditures to address specific facilities needs of the District will be in compliance with the requirements of Article XIII A, Section 1(b)(3), of the State Constitution and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Education Code Sections 15264 and following.)

Evaluation of Needs. The Board of Trustees of the District has identified detailed facilities needs of the District and has determined which projects to finance from a local bond. The Board of Trustees hereby certifies that it has evaluated safety, class size reduction, enrollment growth, and information technology needs in developing the Bond Project List included below.

Independent Citizens’ Oversight Committee. Following approval of this measure, the Board of Trustees will establish an independent citizens’ oversight committee, under California Education Code Sections 15278 and following, to ensure bond proceeds are expended only on the types of school facilities projects listed below. The committee will be established

(Continued on next page)

FULL TEXT OF BALLOT MEASURE CK (Continued)

within 60 days of the date when the results of the election appear in the minutes of the Board of Trustees.

Performance Audits. The Board of Trustees will conduct annual, independent performance audits to ensure that the bond proceeds have been expended only on the school facilities projects listed below.

Financial Audits. The Board of Trustees will conduct annual, independent financial audits of the bond proceeds until all of those proceeds have been spent for the school facilities projects listed below.

Government Code Accountability Requirements. As required by Section 53410 of the Government Code, (1) the specific purpose of the bonds is set forth in this Full Text of the Measure, (2) the proceeds from the sale of the bonds will be used only for the purposes specified in this measure, and not for any other purpose, (3) the proceeds of the bonds, when and if issued, will be deposited into a building fund to be held by the Los Angeles County Treasurer, as required by the California Education Code, and (4) the Superintendent of the District shall cause an annual report to be filed with the Board of Trustees of the District not later than January 1 of each year, which report shall contain pertinent information regarding the amount of funds collected and expended, as well as the status of the projects listed in this measure, as required by Sections 53410 and 53411 of the Government Code.

NO TEACHER OR ADMINISTRATOR SALARIES

Proceeds from the sale of bonds authorized by this measure shall be used only for the purposes specified in Article XIII A, Section 1(b)(3), those being for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, and the acquisition or lease of school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

STATE MATCHING FUNDS

The following statement is included in this measure pursuant to Education Code Section 15122.5: Approval of this measure does not guarantee that the proposed projects that are the subject of bonds under this measure will be funded beyond the local revenues generated by this measure. The District's proposal for the projects described below may assume the receipt of matching state funds, which, if available, could be subject to appropriation by the Legislature or approval of a statewide bond measure.

ESTIMATES AND PROJECTIONS INCLUDED IN BALLOT

This measure authorizes the issuance of general obligation bonds to finance the types of projects set forth on the Bond Project List set forth below, to be repaid by tax collections for the years that bonds are outstanding. The measure presented to District voters on the ballot, as set forth above under the heading "INTRODUCTION", includes information regarding the expected approximate amount of money to be raised annually to pay issued bonds, the estimated rate of the approved tax per \$100,000 of assessed valuation, and the year through which it is approximated that the proposed tax will be levied and collected. Each of these estimates and approximations are provided as informational only. Such amounts are estimates only, and are not maximum amounts or limitations on the terms of the bonds or the tax rate or duration supporting repayment of bonds. The approximations and estimates provided depend on numerous variables which are subject to variation and change over the term of the District's overall facilities and bond financing plan, including but not limited to the amount of bonds issued and outstanding at any one time, the interest rates applicable to issued bonds, market conditions at the time of sale of the bonds, when bonds mature, the timing of project needs and changes in assessed valuations in the District. As such, while such estimates and approximations have been provided based on information currently available to the District and its current expectations, such estimates and approximations are not limitations and are not binding upon the District.

BOND PROJECT LIST

Projects which are described below include all related and incidental costs, including their share of the costs of the election and bond issuance and costs of design, engineering, architect and other professional services, inspections, site preparation, utilities, and other planning, legal, accounting and similar costs, independent annual financial and performance audits, a customary contingency, and other costs incidental to and necessary for completion of the listed projects.

The District may alter the scope and nature of any of the specific projects that are described below as required by conditions that arise over time. This measure authorizes bond projects to be undertaken at all District sites, including current and future sites.

Whenever specific items are included in the following list, they are presented to provide examples and are not intended to limit the generality of the broader description of authorized projects. The order in which particular projects are

(Continued on next page)

FULL TEXT OF BALLOT MEASURE CK (Continued)

listed is not intended to indicate priority for funding or completion. The itemization of projects in the list below does not guarantee that all such projects will be undertaken. The ability of the District to undertake and complete the listed projects is subject to the adequacy and availability of sufficient funding sources.

This measure will authorize projects at all district schools including Acton, Agua Dulce, Meadowlark, High Desert, and Vasquez to:

- Make health, safety, security, fire alarm, and handicapped accessibility improvements to ensure compliance with all applicable laws and regulations
- Modernize/renovate classrooms, restrooms and school facilities to meet 21st century educational standards, including painting and providing updated furnishings and other equipment to facilitate a modern learning environment
- Upgrade inadequate electrical systems and lighting
- Repair or replace outdated heating, ventilation and air-conditioning systems
- Repair or replace leaky roofs
- Improve student access to computers and modern technology, including providing necessary infrastructure, hardware, software, computers, devices and other modern instructional equipment throughout District sites
- Construct and/or improve student athletic facilities
- Replace and upgrade deteriorating plumbing, septic, and sewer systems
- Make Federal and State-mandated Americans with Disabilities Act (ADA) accessibility upgrades including ensuring site access, parking, staff and student restrooms, relocation of existing electrical devices, drinking fountains, playground equipment, etc. as necessary to ensure adequate accommodations are provided and all legal requirements are met
- Abate and remove hazardous materials identified prior to or during construction
- Repair, replace and/or upgrade paved surfaces, turf, playgrounds, playground equipment, and other grounds to eliminate safety hazards and improve outside instructional areas

(Continued on next page)

FULL TEXT OF BALLOT MEASURE CK (Continued)

– Upgrade, repair and/or expand school site parking, roadways, grounds and other infrastructure such as utility systems, security, including cameras, exterior lighting, repairing pathways, walkways, ADA access ramps, and make landscaping improvements including irrigation

Each of the bond projects described in this Bond Project List include the costs of furnishing and equipping such facilities, and all costs which are incidental but directly related to the types of projects described above. Examples of incidental costs include, but are not limited to: costs of design, engineering, architect and other professional services, facilities assessments, inspections, site preparation, utilities, landscaping, construction management and other planning and permitting, legal, accounting and similar costs; independent annual financial and performance audits; a customary construction contingency; demolition and disposal of existing structures; the costs of interim housing and storage during construction including relocation and construction costs incurred relating to interim facilities; rental or construction of storage facilities and other space on an interim basis for materials and other equipment and furnishings displaced during construction; costs of relocating facilities and equipment as needed in connection with the projects; interim classrooms and facilities for students, administrators, and school functions, including modular facilities; federal and state-mandated safety upgrades; addressing unforeseen conditions revealed by construction/modernization and other necessary improvements required to comply with existing building codes, including the Field Act; access requirements of the Americans with Disabilities Act; costs of the election; bond issuance costs; and project administration during the duration of such projects, as permitted by law.

The scope and nature of any of the specific projects described above may be altered by the District as required by unforeseen conditions that may arise during the course of design and construction. In the event that a modernization or renovation project is more economical for the District to be undertaken as new construction, this bond measure authorizes land acquisition, relocation and construction and/or reconstruction, and all costs relating thereto, for said reason or, alternatively, based on other considerations deemed in the best interest of the District by the Governing Board. In addition, this measure authorizes the acquisition of real property, including necessary rights of ways or other real property interests, required to expand District facilities, to provide access to school or other District facilities, or to provide additional school or related facilities. In addition, authorized projects include reimbursements for paid project costs and paying and/or prepaying interim or previously obtained financing for the types of projects included on

(Continued on next page)

FULL TEXT OF BALLOT MEASURE CK (Continued)

the project list, such as bond anticipation notes, and including payment and prepayment of lease payments relating to projects and/or equipment previously financed.

Approval of the District's bond measure does not guarantee that all of the identified projects within this Bond Project List will be funded beyond what can be completed with local funds generated by the bond measure. The District may pursue funds from the State of California, if available, to complete certain of the identified facilities projects.

The order in which school facilities projects are listed in the foregoing Bond Project List does not suggest an order of priority. Project priorities will be determined by the Governing Board. The District is unable to anticipate all unforeseen circumstances which may prevent some of the projects listed above from being undertaken or completed.

The Bond Project List shall be considered a part of this ballot proposition, and shall be reproduced in any official document required to contain the full statement of the bond proposition.
