TEMPORARY MODIFIED/LIGHT-DUTY ASSIGNMENT

4313.4

The Board of Trustees recognizes that when employees suffer work-related injuries, modified or light-duty assignments minimize lost time and may serve to facilitate the transition back to the employee's regular duties or full-time work. Whenever possible, the Superintendent or designee shall offer such employees this kind of temporary assignment.

(cf. 4157.1/4257.1/4357.1 - Work-Related Injuries)

TEMPORARY MODIFIED/LIGHT DUTY ASSIGNMENT

4313.4

Any employee who suffers a work-related injury shall provide the district with medical verification of his/her physical condition. Unless the treating physician provides a full release from work, the employee may be considered eligible for a temporary modified or light-duty assignment. If the treating physician does not specify work restrictions, the Superintendent or designee may contact the physician to see if modified or light-duty work might be appropriate.

(cf. 4157.1/4257.1/4357.1 - Work-Related Injuries)

The Superintendent or designee shall meet with the employee and his/her supervisor to determine whether the employee can return to his/her regular job with the medical restrictions specified by the physician.

If the employee is not able to return to his/her regular job with restrictions, the Superintendent or designee shall seek a temporary modified or light-duty assignment for the employee. Employees who are given such assignments shall receive written notification of the assignment.

If no temporary modified or light-duty assignment can be found, the employee will be placed on temporary disability, sick leave, or other available leave to the extent available until an appropriate position within the medical restrictions is found, or until the medical restrictions are lifted. The Superintendent or designee shall also monitor the status of any employee for whom the physician provided a full release from work to see if the employee could return to a temporary modified or light-duty assignment at a later date.

(cf. 4161.11/4361.11 - Industrial Accident/Illness Leave)

(cf. 4261.11 - Industrial Accident/Illness Leave)

If an employee rejects a temporary modified or light-duty assignment, this refusal may provide a basis for terminating temporary disability benefits.

The Superintendent or designee shall monitor all modified and light-duty assignments and may contact the physician for assistance in determining when the employee is ready to resume his/her regular duties.

EVALUATION/SUPERVISION

The Board of Trustees believes that regular and comprehensive evaluations can help instructional staff improve their teaching skills and raise students' levels of achievement. Evaluations also serve to hold staff accountable for their performance. The Superintendent or designee shall evaluate the performance of certificated staff members in accordance with law, negotiated employee contracts and Board-adopted evaluation standards.

(cf. 4141/4241 - Collective Bargaining Agreement)

Objective standards from the National Board for Professional Teaching Standards and/or the California Standards for the Teaching Profession shall be reviewed and may be incorporated in district evaluation standards with the agreement of the exclusive representative of the certificated staff.

(cf. 4315.1 - Staff Evaluating Teachers)

Evaluation procedures may include observation of teacher performance in the classroom.

The Superintendent or designee shall ensure that evaluation ratings have uniform meaning throughout the district.

Evaluations shall be used to recognize the exemplary skills and accomplishments of staff and to identify areas needing improvement. When areas needing improvement are identified, the Board expects employees to accept responsibility for improving their performance. The Superintendent or designee shall assist employees in improving their performance and may require participation in appropriate programs. Staff members are encouraged to take initiative to request assistance as necessary to promote effective teaching.

PROBATIONARY/PERMANENT STATUS

Permanent Status

A probationary teacher who has been employed by the district in a position or positions requiring certification for two complete consecutive school years and is then rehired for the next succeeding school year shall become a permanent employee at the beginning of the third year. (Education Code 44929.21)

A person who has achieved permanent status as a certificated employee in another school district may be employed by the Board as a permanent certificated employee. (Education Code 44929.28)

Interns

A person employed as a district or university intern shall be classified as a probationary employee. Following completion of the internship, if he/she is reelected by the district to serve in a position requiring certification qualifications for the next succeeding school year, he/she shall continue to be classified as a probationary employee during that year. (Education Code 44466, 44885.5)

(cf. 4112.21 - Interns)

(Education Code 44466, 44885.5)

PRERETIREMENT PART-TIME EMPLOYMENT

The Board of Trustees may allow certificated employees the opportunity to work on a part-time basis before retirement without jeopardizing full retirement credit.

The Superintendent or designee may establish regulations which allow certificated employees who are members of the State Teachers Retirement System (STRS) or Public Employee Retirement System (PERS) to reduce their workload from full to part time, receive service credit and maintain the retirement benefits the employee would have received if the employee had been employed on a full-time basis.

PRERETIREMENT PART-TIME EMPLOYMENT

A certificated employee may be allowed to work on a part-time basis without losing retirement benefits as follows: (Education Code 22713, 44922)

1. The employee shall have his/her retirement allowance, as well as other benefits to which the employee is entitled, based upon the compensation that the employee would have received if he/she had been employed on a full-time basis.

(cf. 4154/4254/4354 - Health and Welfare Benefits)

2. The option to reduce the employee's workload shall be exercised at the request of the employee and can be revoked only with the mutual consent of the Superintendent or designee and the employee.
3. The employee shall have been employed full-time to perform creditable service for a minimum of 10 years including five years immediately preceding the reduction in workload.
4. The employee shall not have had a break in service during the five years immediately preceding the reduction in workload. However, time on a sabbatical or other approved leave of absence shall not be used in computing the five-year full-time requirement.

(cf. 4161.1/4361.1 - Personal Illness/Injury Leave)

5. The employee shall have reached the age of 55 years prior to the reduction in workload.
6. The period of the reduced workload shall not exceed 10 years.
7. The reduced workload shall be equal to one-half of the full-time equivalent required by the employee's contract of employment in accordance with Education Code 22138.5 during his/her final year of full-time employment.
8. The employee shall be paid a compensation that is the pro rata share of the compensation the employee would have earned had the employee not opted to reduce his/her workload.

The Superintendent or designee shall verify the employee's eligibility prior to the reduction of an employee's workload. This shall be done in conjunction with the administrative staff of the State Teachers' Retirement System and Public Employees' Retirement System, in accordance with law. (Education Code 22713)

RETIREMENT CONSULTANCY CONTRACTS

The Board of Trustees recognizes that because of their experience and knowledge retired certificated employees may be uniquely suited to performing specialized work of limited duration. In order to help perform this specialized work, the Board may offer retirement consultancy contracts to certificated individuals who meet the qualifications required by law and administrative regulation.

RETIREMENT CONSULTANCY CONTRACTS

Retired certificated employees serving as consultants shall be retained as employees, and their services shall be limited in accordance with retirement system rules and regulations. (Education Code 35046)

To be eligible for consideration for a retirement consultancy contract, the retired certificated employee must have served the district or the county superintendent of schools for at least 10 years and be at least 55 years of age. (Education Code 35046)

Retirement consultancy contracts are renewable annually for up to five years or until the employee reaches age 65, whichever comes first. (Education Code 35046)

A retiree employed under this program shall not make contributions to the retirement fund or accrue service credit based on compensation earned from program service. (Education Code 24214)

A retiree employed under this program shall be paid at a rate commensurate with that of other employees performing comparable duties. The employee may earn compensation for creditable service up to the limitation specified by law. This limit applies only to earnings for service that would be creditable for State Teachers' Retirement System purposes if performed by a current employee. (Education Code 22119.5, 24214, 35046)

Emergency Exemptions from Postretirement Compensation Limitation

A retiree shall be exempt from the above limitation for a maximum period of two years if appointed by the Superintendent of Public Instruction as a trustee or administrator pursuant to Education Code 41320.1 or if assigned to a position by the County Superintendent of Schools pursuant to Education Code 42120-42129. (Education Code 24216)

Until January 1, 2008, a retiree shall also be exempt from the above limitation up to an additional one-half of the full-time equivalent for the same position when employed in an emergency situation to fill a vacant administrative position requiring highly specialized skills, provided that all of the following conditions are met: (Education Code 24216)

1. The vacancy occurred due to circumstances beyond the district's control.
2. The recruitment process to fill the vacancy on a permanent basis is expected to extend over several months.
3. The employment is reported in a public meeting of the Board of Trustees.

The above exemptions shall not apply to any retiree who has received additional retirement service credit pursuant to Education Code 22714, 22714.5, 22715 or 22716. (Education Code 24216)

RETIREMENT CONSULTANCY CONTRACTS (continued)

(cf. 4117.13/4317.13 - Early Retirement Option)

When employing a retiree eligible for any of the above exemption, the Superintendent or designee shall submit all required documentation to substantiate this eligibility. (Education Code 24216)

EARLY RETIREMENT OPTION

The Board of Trustees may offer certificated employees the option to retire early in accordance with law when it is beneficial to the district.

As an incentive to early retirement for certificated employees participating in the State Teachers' Retirement System (STRS), the Board may offer such employees an additional two years of service credit or, until January 1, 2005, an additional two years of service and age credit. (Education Code 22714, 22714.5, 44929, 44929.1)

(cf. 4117.12/4317.12 - Retirement Consultancy Contracts)

Before taking formal action to approve either of these service incentives, the Board shall determine that encouraging early retirement would be in the best interest of the district due to the curtailment of services or changes in the manner in which services are performed and that the retirement will result in a net savings to the district. (Education Code 22714, 22714.5, 44929)

The Board may also consider the impact of the early retirement options on the staffing needs of district schools and the ability to satisfy federal requirements for highly qualified teachers pursuant to 20 USC 6319.

(cf. 4112.24 - Teacher Qualifications Under the No Child Left Behind Act)

In order to offer two years of service and two years of age incentive to represented certificated employees, the Board shall enter into a memorandum of understanding between the district and the employee organization. For certificated employees who are not represented by an employee organization, the Board shall take formal action to make this incentive applicable to all of the members of the Defined Benefit Program. (Education Code 22714.5)

The Board shall demonstrate and certify to the County Superintendent that the formal action taken would result in a net savings to the district. (Education Code 22714, 22714.5)

To be eligible for the two years of service credit option, the employee must have five or more years of service credit and must retire during a period of 60 to 120 days after the Board takes formal action to implement the option. (Education Code 22714)

To be eligible for the two years of service credit and two years of age credit option, the employee must have five or more years of service credit and must retire within the period designated in the memorandum of understanding or formal action described above. (Education Code 22714.5)

EARLY RETIREMENT OPTION (continued)

In providing the early retirement options, the district shall meet all conditions as specified in Education Code 22714, 22714.5, 44929, and 44929.1.

(Education Code 24214)

EMPLOYMENT OF RETIRED TEACHERS (continued)

Retired teachers who are exempt from the limitation on earnings shall be treated as part of a distinct class of temporary employees within the existing bargaining unit whose service shall not be included in computing the service required as a prerequisite to attainment of or eligibility for classification as a permanent employee of the district. The compensation shall be agreed to in the collective bargaining agreement between the district and the exclusive representative for the bargaining unit and shall not be less than the minimum nor exceed that paid by the district to other employees performing comparable duties. RESIGNATION

4317.2

Any district employee who desires to resign his/her position shall submit, in writing, a letter of resignation which indicates the date which the employee intends as his/her last day at work. The Board of Trustees encourages employees to provide advance notice that is appropriate for the position they hold.

The Board authorizes the Superintendent or designee to accept an employee's written resignation and to set its effective date. Once the Superintendent or designee has accepted and set an effective date for this resignation, the resignation may not thereafter be withdrawn by the employee.

The effective date of the resignation shall be a date not later than the close of the school year during which the resignation is received. However, an employee and the Board may agree that a resignation will be accepted at a mutually agreed upon date not later than two years beyond the close of the school year during which the resignation is received by the Board. American Federation of Teachers, Local #1050 v. Board of Education of Pasadena Unified School District, (1980) 107 Cal.App.3d 829

PERSONNEL REDUCTION

The Board of Trustees may reduce the number of certificated personnel, or their hours and wages, due to any of the following conditions: (Education Code 44955)

1. Declining enrollment, provided that the percentage of reduction in probationary and permanent certificated personnel shall not exceed the corresponding percentage of student attendance lost
2. Reduction or discontinuance of programs or services
3. State-mandated modification of the curriculum
4. The fiscal crisis that may occur after enactment of the Budget Act when the total revenue limit per ADA has not increased by at least two percent (Education Code 44955.5)

The Board recognizes that its authority in the reduction of personnel is subject to legal requirements. Except as otherwise provided by statute, a permanent employee who is certificated and competent to render a service shall not be terminated or given a reduction in hours and wages while a probationary employee or other employee with less seniority is retained to render the service. (Education Code 44955)

To be considered competent, an employee must have academic training and one year of full-time experience in the specialized area to which the district would be able to assign him/her. The district will also consider the recency of the employee's experience.

King v. Berkeley Unified School District (1979) 89 Cal.App. 3d 1016

PERSONNEL REDUCTION

For purposes of reduction of certificated personnel, terminations shall generally be in order of least seniority. The district may deviate from terminating or reappointing a certificated employee in order of seniority for either of the following reasons: (Education Code 44955, 44956)

1. To fill a demonstrated specific need for personnel to teach a specific course or courses of study, or to provide services authorized by a services credential with a specialization in either student personnel services or health for a school nurse, when the certificated employee has the necessary special training and experience which others with more seniority do not possess
2. To maintain or achieve compliance with constitutional requirements related to equal protection of the law

Before assigning or reassigning any certificated employee to teach a subject which he/she has not previously taught, and for which he/she does not have a teaching credential or which is not within the employee's major area of postsecondary study, the Board shall require the employee to pass a subject matter competency test in the appropriate subject. (Education Code 44955, 44956)

(cf. 4112.2 - Certification)

(cf. 4112.24 - Teacher Qualifications Under the No Child Left Behind Act)

(cf. 4113 - Assignment)

Terminated certificated employees shall not be subject to any requirements that were not imposed on employees who continued in service; their period of absence shall be treated as a leave of absence and not considered a break in the continuity of their service. (Education Code 44956, 44957)

Notice and Right to Hearing

When the district needs to reduce the number of certificated staff, the district shall adhere to the notice, hearing and layoff procedures in Education Code 44949 and 44955.

When the Board, during the time period between five days after enactment of the Budget Act and August 15, determines that the total revenue limit per ADA has not increased by at least two percent and that the district therefore needs to reduce the number of certificated staff pursuant to Education Code 44955.5, the Board shall adopt a schedule of notice and hearings, and the district shall otherwise proceed pursuant to Education Code 44949 and 44955. (Education Code 44955.5)

PERSONNEL REDUCTION (continued)

Reappointment

If the number of employees is increased or the discontinued service reestablished, permanent certificated employees under 65 years of age shall have the right to reappointment in order of seniority for 39 months after being terminated. Probationary certificated employees under 65 years of age shall have the same right for 24 months after being terminated, subject to the prior reappointment rights of permanent employees. Permanent Employees

Permanent employees shall not be dismissed from their position except when cause for dismissal can be shown. Cause and procedures for dismissal are defined by provisions of Education Code 44932 et seq.

Probationary Employees

During the school year, certificated probationary employees may be dismissed for causes specified in Education Code 44932 or for unsatisfactory performance determined pursuant to Education Code 44660-44665. Procedures and time limits for such action shall be those set forth in Education Code 44948.3.

(cf. 4115 - Evaluation/Supervision)

PROFESSIONAL STANDARDS

CODE OF ETHICS OF THE EDUCATION PROFESSION

Preamble

The educator, believing in the worth and dignity of each human being, recognizes the supreme importance of the pursuit of truth, devotion to excellence, and the nurturing of democratic principles. Essential to these goals is the protection of freedom to learn and to teach and the guarantee of equal educational opportunity for all. The educator accepts the responsibility to adhere to the highest ethical standards.

The educator recognizes the magnitude of the responsibility inherent in the teaching process. The desire for the respect and confidence of one's colleagues, of students, of parents, and of the members of the community provides the incentive to attain and maintain the highest possible degree of ethical conduct. The Code of Ethics of the Education Profession indicates the aspiration of all educators and provides standards by which to judge conduct.

Principle I. Commitment to the Student

The educator strives to help each student realize his/her potential as a worthy and effective member of society. The educator therefore works to stimulate the spirit of inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals.

In fulfillment of the obligation to the student, the educator:

1. Shall not unreasonably restrain the student from independent action in the pursuit of learning

 - a. Exclude any student from participation in any program
 - b. Deny benefits to any student

PROFESSIONAL STANDARDS (continued)

- c. Grant any advantage to any student
- 7. Shall not use professional relationships with students for private advantage
- 8. Shall not disclose information in the course of professional service unless disclosure serves a compelling professional purpose or is required by law

Principle II. Commitment to the Profession

The education profession is vested by the public with a trust and responsibility requiring the highest ideals of professional service.

In the belief that the quality of the services of the education profession directly influences the nation and its citizens, the educator shall exert every effort to raise professional standards, to promote a climate that encourages the exercise of professional judgment, to achieve conditions that attract persons worthy of the trust to careers in education, and to assist in preventing the practice of the profession by unqualified persons.

In fulfillment of the obligation of the profession, the educator:

- 1. Shall not in any application for a professional position deliberately make a false statement or fail to disclose a material fact related to competency and qualifications
- 2. Shall not misrepresent his/her professional qualifications
- 3. Shall not assist any entry into the profession of a person known to be unqualified in respect to character, education, or other relevant attribute
- 4. Shall not knowingly make a false statement concerning the qualifications of a candidate for a professional position
- 5. Shall not assist a noneducator in the unauthorized practice of teaching
- 6. Shall not disclose information about colleagues obtained in the course of professional service unless disclosure serves a compelling professional purpose or is required by law
- 7. Shall not knowingly make false or malicious statements about a colleague

EXPOSURE CONTROL PLAN FOR BLOODBORNE PATHOGENS

4319.42

As part of its commitment to provide a safe and healthful work environment, the Board of Trustees recognizes the importance of developing an exposure control plan. The Superintendent or designee shall establish a written exposure control plan in accordance with state and federal standards for dealing with potentially infectious materials in the workplace to protect employees from possible infection due to contact with bloodborne pathogens, including but not limited to hepatitis B virus, hepatitis C virus and human immunodeficiency virus (HIV).

(cf. 4119.43/4219.43/4319.43 - Universal Precautions)

(cf. 4157/4257/4357 - Employee Safety)

The Superintendent or designee shall determine which employees have occupational exposure to bloodborne pathogens and other potentially infectious materials. In accordance with the district's exposure control plan, employees having occupational exposure shall be offered the hepatitis B vaccination.

The Superintendent or designee may exempt designated first aid providers from pre-exposure hepatitis B vaccination under the conditions specified by state regulations. (8 CCR 5193(f))

Any employee not identified by the Superintendent or designee as having occupational exposure may submit a request to the Superintendent or designee to be included in the training and hepatitis B vaccination program. The Superintendent or designee may deny a request when there is no reasonable anticipation of contact with any infectious material.

EXPOSURE CONTROL PLAN FOR BLOODBORNE PATHOGENS

Definitions

Occupational exposure means reasonably anticipated skin, eye, mucous membrane, or parenteral contact with blood or other potentially infectious materials that may result from the performance of an employee's duties. (8 CCR 5193(b))

Exposure incident means a specific eye, mouth, other mucous membrane, nonintact skin, or parenteral contact with blood or other potentially infectious materials that result from the performance of an employee's duties. (8 CCR 5193 (b))

Parenteral contact means piercing mucous membranes or the skin barrier through such events as needlesticks, human bites, cuts, and abrasions. (8 CCR 5193(b))

A *sharp* is any object that can be reasonably anticipated to penetrate the skin or any other part of the body and to result in an exposure incident. (8 CCR 5193(b))

A *sharps injury* is any injury caused by a sharp, including but not limited to cuts, abrasions or needlesticks. (8 CCR 5193(b))

Work practice controls are controls that reduce the likelihood of exposure by defining the manner in which a task is performed. (8 CCR 5193(b))

Engineering controls are controls, such as sharps disposal containers, needleless systems, and sharps with engineered sharps injury protection, that isolate or remove the bloodborne pathogens hazard from the workplace. (8 CCR 5193(b))

Engineered sharps injury protection is a physical attribute built into a needle device or into a non-needle sharp which effectively reduces the risk of an exposure incident. (8 CCR 5193(b))

Exposure Control Plan

The district's exposure control plan shall contain at least the following components: (8 CCR 5193(c))

1. A determination of which employees have occupational exposure to blood or other potentially infectious materials

The district's exposure determination shall be made without regard to the use of personal protective equipment and shall include a list of:

- a. All job classifications in which all employees have occupational exposure
- b. Job classifications in which some employees have occupational exposure

EXPOSURE CONTROL PLAN FOR BLOODBORNE PATHOGENS (continued)

- c. All tasks and procedures, or groups of closely related tasks and procedures, in which occupational exposure occurs and which are performed by employees listed in item #b above
2. The schedule and method of implementing:
- a. Methods of compliance required by 8 CCR 5193(d), such as universal precautions, general and specific engineering and work practice controls, and personal protective equipment

(cf. 4119.43/4219.43/4319.43 - Universal Precautions)

- b. Hepatitis B vaccination
 - c. Bloodborne pathogen post-exposure evaluation and follow-up
 - d. Communication of hazards to employees, including labels, signs, information and training
 - e. Recordkeeping
3. The district's procedure for evaluating circumstances surrounding exposure incidents
4. An effective procedure for gathering information about each exposure incident involving a sharp, as required for the log of sharps injuries
5. An effective procedure for periodically determining the frequency of use of the types and brands of sharps involved in exposure incidents documented in the sharps injury log
6. An effective procedure for identifying currently available engineering controls and selecting such controls as appropriate for the procedures performed by employees in their work areas or departments
7. An effective procedure for documenting instances when a licensed healthcare professional directly involved in a patient's care determines, in the reasonable exercise of clinical judgment, that the use of an engineering control would jeopardize an individual's safety or the success of a medical, dental or nursing procedure involving the individual

EXPOSURE CONTROL PLAN FOR BLOODBORNE PATHOGENS (continued)

8. An effective procedure for obtaining the active involvement of employees in reviewing and updating the exposure control plan with respect to the procedures performed by employees in their respective work areas or departments

The exposure control plan shall be reviewed and updated at least annually and whenever necessary to: (8 CCR 5193(c))

1. Reflect new or modified tasks and procedures affecting occupational exposure
2. To the extent that sharps are used in the district, reflect progress in implementing the use of needleless systems and sharps with engineered sharps injury protection
3. Include new or revised employee positions with occupational exposure
4. Review and evaluate the exposure incidents which occurred since the previous update
5. Review and respond to information indicating that the exposure control plan is deficient in any area

The district's exposure control plan shall be accessible to employees upon request. (8 CCR 3204(e))

Preventive Measures

The Superintendent or designee shall use engineering and work practice controls to eliminate or minimize employee exposure, and shall regularly examine and update controls to ensure their effectiveness. (8 CCR 5193(d))

Hepatitis B Vaccination

The hepatitis B vaccination and vaccination series shall be made available at no cost to all employees who have occupational exposure. The hepatitis B vaccination shall be made available after an employee with occupational exposure has received the required training and within 10 working days of initial assignment, unless the employee has previously received the complete hepatitis B vaccination series, or antibody testing has revealed that the employee is immune, or vaccination is contraindicated by medical reasons. (8 CCR 5193(f))

Employees who decline to accept the vaccination shall sign the hepatitis B declination statement. (8 CCR 5193(f))

EXPOSURE CONTROL PLAN FOR BLOODBORNE PATHOGENS (continued)

The Superintendent or designee may exempt designated first aid providers from the pre-exposure hepatitis B vaccine in accordance with 8 CCR 5193 (f).

Information and Training

The Superintendent or designee shall ensure that all employees with occupational exposure participate in a training program containing the elements required by state regulations, during working hours and at no cost to the employee. This program shall be offered at the time of initial assignment to tasks where occupational exposure may take place, at least annually thereafter, and whenever a change of tasks or procedures affects the employee's exposure. (8 CCR 5193(g))

Designated first aid providers shall receive training that includes the specifics of reporting first-aid incidents which involve blood or body fluids which are potentially infectious. (8 CCR 5193(g))

Reporting Incidents

All exposure incidents shall be reported as soon as possible to the Superintendent or designee.

Unvaccinated designated first aid providers must report any first aid incident involving the presence of blood or other potentially infectious material, regardless of whether an exposure incident occurred, by the end of the work shift. The full hepatitis B vaccination series shall be made available to such employees no later than 24 hours after the first aid incident. (8 CCR 5193(f))

Sharps Injury Log

The Superintendent or designee shall establish and maintain a log recording each exposure incident involving a sharp. The exposure incident shall be recorded within 14 working days of the date the incident is reported to the district. (8 CCR 5193(c))

The information recorded shall include the following, if known or reasonably available: (8 CCR 5193(c))

1. Date and time of the exposure incident
2. Type and brand of sharp involved in the exposure incident
3. A description of the exposure incident, including:

EXPOSURE CONTROL PLAN FOR BLOODBORNE PATHOGENS (continued)

- a. Job classification of the exposed employee
- b. Department or work area where the exposure incident occurred
- c. The procedure that the exposed employee was performing at the time of the incident
- d. How the incident occurred
- e. The body part involved in the incident
- f. If the sharp had engineered sharps injury protection, whether the protective mechanism was activated and whether the injury occurred before, during or after the protective mechanism was activated
- g. If the sharp had no engineered sharps injury protection, the injured employee's opinion as to whether and how such a mechanism could have prevented the injury
- h. The employee's opinion about whether any other engineering, administrative or work practice could have prevented the injury

Post-Exposure Evaluation and Follow-up

Following a report of an exposure incident, the Superintendent or designee shall immediately make available to the exposed employee, at no cost, a confidential medical evaluation, post-exposure evaluation and follow-up. The Superintendent or designee shall, at a minimum: (8 CCR 5193(f))

1. Document the route(s) of exposure and the circumstances under which the exposure incident occurred
2. Identify and document the source individual, unless that identification is infeasible or prohibited by law
3. Provide for the collection and testing of the employee's blood for hepatitis B, hepatitis C and HIV serological status
4. Provide for post-exposure prophylaxis, when medically indicated, as recommended by the U.S. Public Health Service
5. Provide for counseling and evaluation of reported illnesses

EXPOSURE CONTROL PLAN FOR BLOODBORNE PATHOGENS (continued)

The Superintendent or designee shall provide the health care professional with a copy of 8 CCR 5193; a description of the employee's duties as they relate to the exposure incident; documentation of the route(s) of exposure and circumstances under which exposure occurred; results of the source individual's blood testing, if available; and all medical records maintained by the district relevant to the appropriate treatment of the employee, including vaccination status. (8 CCR 5193(f))

The district shall maintain the confidentiality of the affected employee and the exposure source during all phases of the post-exposure evaluation. (8 CCR 5193(f))

(cf. 4119.23/4219.23/4319.23 - Unauthorized Release of Confidential/Privileged Information)
(cf. 9011 - Disclosure of Confidential/Privileged Information)

The Superintendent or designee shall distribute to employees information provided by the California Department of Education regarding acquired immune deficiency syndrome (AIDS), AIDS-related conditions, and hepatitis B. This information shall include, but not be limited to, any appropriate methods employees may use to prevent exposure to AIDS and hepatitis B, including information concerning the availability of a vaccine to prevent contraction of hepatitis B, and that the cost of this vaccination may be covered by the health plan benefits of the employees. Information shall be distributed at least annually, or more frequently if there is new information supplied by the California Department of Education. (Health and Safety Code 120875, 120880)

The Superintendent or designee shall maintain, repair, make accessible and require employees to use and properly handle protective equipment. (8 CCR 5193(d))

The Superintendent or designee shall provide handwashing facilities which are readily accessible to employees. When provision of handwashing facilities is not feasible, the Superintendent or designee shall provide an appropriate antiseptic hand cleanser in conjunction with clean cloth or paper towels, or antiseptic towelettes. (8 CCR 5193(d))

For the prevention of infectious disease, employees shall routinely: (8 CCR 5193(d))

1. Perform all procedures involving blood or other potentially infectious materials in such a manner as to minimize splashing, spraying, spattering, and generating droplets of these substances.
2. Use personal protective equipment as appropriate.
 - a. Appropriate clothing, including but not limited to, gowns, aprons, lab coats, clinic jackets or similar outer garments, shall be worn in occupational exposure situations.

If a garment becomes penetrated by blood or other potentially infectious materials, the employee shall remove the garment immediately or as soon as feasible. All personal protective equipment shall be removed prior to leaving the work area. When removed, it shall be placed in an appropriately designated area or container for storage, washing, decontamination or disposal.
 - b. Gloves shall be worn when it can be reasonably anticipated that the employee may have hand contact with blood, other potentially infectious materials, mucous membranes and nonintact skin, and when handling or touching contaminated items or surfaces.

UNIVERSAL PRECAUTIONS (continued)

Disposable gloves shall be replaced as soon as practical when contaminated, or as soon as feasible if they are torn, punctured, or when their ability to function as a barrier is compromised. They shall not be washed or decontaminated for reuse. Utility gloves may be decontaminated for reuse if the integrity of the gloves is not compromised, but must be discarded if they are cracked, peeling, torn, punctured, or exhibit other signs of deterioration or when their ability to function as a barrier is compromised.

- c. Masks in combination with eye protection devices or face shields shall be worn whenever splashes, spray, spatter, or droplets of blood or other potentially infectious materials may be generated and eye, nose or mouth contamination can be reasonably anticipated.
3. Wash hands and other skin surfaces thoroughly with soap and running water:
 - a. Immediately or as soon as feasible following contact of hands or any other skin or mucous membranes with blood or other potentially infectious materials
 - b. Immediately after removing gloves or other personal protective equipment

When handwashing facilities are not available, the employee shall use antiseptic hand cleanser in conjunction with clean cloth or paper towels, or antiseptic towelettes. In such instances, hands shall be washed with soap and running water as soon as feasible.

4. Refrain from eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses in work areas with a reasonable likelihood of occupational exposure.
5. Clean and decontaminate all equipment and environmental and work surfaces after contact with blood or other potentially infectious material, no later than the end of the shift or more frequently as required by state regulations.
6. Rather than using the hands directly, use mechanical means such as a brush and dust pan, tongs or forceps to clean up broken glassware which may be contaminated.
7. Use effective patient-handling techniques and other methods designed to minimize the risk of a sharps injury in all procedures involving the use of sharps in patient care.

UNIVERSAL PRECAUTIONS (continued)

- a. Needleless systems shall be used to administer medication or fluids, withdraw body fluids after initial venous or arterial access is established, and conduct any other procedure involving the potential for an exposure incident for which a needleless system is available as an alternative to the use of needle devices. If needleless systems are not used, needles or non-needle sharps with engineered sharps injury protection shall be used.
 - b. Contaminated needles or other sharps shall not be broken, bent, recapped, removed from devices, or stored or processed in a manner that requires employees to reach by hand into the containers where these sharps have been placed.
 - c. Disposable sharps shall not be reused.
8. Handle, store, treat and dispose of regulated waste in accordance with Health and Safety Code 117600-118360 and other applicable state and federal regulations.
- a. Immediately or as soon as possible after use, contaminated sharps shall be placed in containers meeting the requirements of 8 CCR 5193(d)(3)(D). Containers shall be easily accessible, maintained upright throughout use where feasible, and replaced as necessary to avoid overfilling.
 - b. Specimens of blood or other potentially infectious material shall be placed in a container which prevents leakage during collection, handling, processing, storage, transport or shipping.
